

## Patton Springs ISD Student Transfer Guidelines

---

Patton Springs ISD accepts tuition-free transfers from surrounding school districts for eligible students. Eligible students include all students who satisfy the guidelines for admission according to Texas Education Code 25.001, board policies, and the transfer committee.

Patton Springs ISD shall not consider as a factor in its decision any matter relating to the national origin of the student or the student's ancestral language.

All applicants for transfer must contact the principal, complete a transfer request application, and meet with the transfer committee. Details of the meeting with the transfer committee will be provided by the principal.

The transfer committee decision for transfer approval is based on four criteria:

1. Academic Achievement Record
2. Transportation to Patton Springs ISD
3. Attendance Record
4. Overall Attitude & Discipline Record
